

## **Cordish Dixon Private Equity Fund IV (Fund) NTA & Fund Update – 30 April 2020**

### **NTA Update**

Partly paid units (each a **Unit**) in the Fund were issued at \$1.60. As at 30 April 2020, the Responsible Entity has called \$1.28 (or 80.0%) of the issue price.

The estimated unaudited net tangible asset value after tax as at 30 April 2020 was \$1.35<sup>1,2</sup> per unit (31 March 2020 was \$1.12<sup>2</sup> per unit).

Between 31 March 2020 and 30 April 2020, the majority of the change in the estimated unaudited NTA can be attributed to the closing of the Fund's fourth capital call and foreign exchange movements. During this period, the Australian dollar appreciated against the US dollar by 6.21% to 0.6512 (from 0.6131 in March 2020). We note the methodology for determining the Fund's NTA is unchanged, and draw your attention to the Fund's most recent annual and half yearly reports.

### **Fund Update**

#### *Capital called*

At 30 April 2020, the LP has called US\$75.6 million (or 58.1% of capital committed). The Fund's proportionate share is approximately US\$66.8 million (an 88.4% share).

### **COVID-19**

As noted in the March NTA update, it will take time to accurately assess the ramifications of the COVID-19 outbreak on the Cordish Dixon Private Equity Fund Series (Series), but it is likely that in the near term, the outbreak will have a negative effect on the Series. Management are working to quantify the impact on the Series at 31 March 2020, ahead of finalising the financial results, which are due for release at the end of the month.

The Investment Manager is confident the underlying private equity managers have been, and continue to be, proactive in addressing the effect of the COVID-19 outbreak across the portfolio.

The Series will be providing further updates as new information becomes available.

## Fund Communications

Investors, who have elected to, continue to receive emails from the Fund with updates on the Fund's activities. Please contact the Registry if you would like to update your communications preferences.
